DETAILED ACTION

Allowable Subject Matter

1. Claims 1-16 are allowed, as they appear to be novel subject matter over the prior art.

With regards to independent **claim 1**, the prior art does not specifically disclose or suggest an storing parameters of several safety zones and does not communicated signals to the various sensors to select safety zones as stated on page 8 and 9 of applicant remarks.

All other claims are dependent on claim 1 and are therefore novel as well because of that dependency.

Conclusion

2. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

- b. Delmonaco (U.S. 6,052,052) "Portable alarm system"
